

G10C45

RM:
110

Brands Available: G10C45-5122 E-Z Refuge

SOLID AGRONOMIC PACKAGE WITH OUTSTANDING YIELD PERFORMANCE

- Very strong root and stalk strength for season-long standability
- Solid protection against both Gray Leaf Spot and Goss's Wilt
- Broadly adapted across changing soil types

Published June 08, 2018. For use until July 01, 2019.

Seed products with the LibertyLink® (LL) trait are resistant to the herbicide glufosinate ammonium, an alternative to glyphosate in corn and soybeans, and combine high-yielding genetics with the powerful, non-selective, postemergent weed control of Liberty® herbicide for optimum yield and excellent weed control.
