Plant Height	Ear Height	Ear Flex	Cob Color	Husk Cover	Leaf Type	Root Type
2	3	Semi-Flex	Red	Medium	Upright	Modified

Performance By...

G10T63 excels on medium- to coarse-texture soils. Avoid planting on poorly drained soils. Plant at grower-standard populations, or slightly below, to take advantage of semi-flex ear type. G10T63 is a good choice for any cropping rotation but excels on rotated acres

Ratings are based on interpretation of data gathered by Syngenta and/or observations across areas of adaptation and may change as additional data are gathered.

©2018 Syngenta. Important: Always read and follow label and bag tag instructions; only those labeled as tolerant to glufosinate may be sprayed with glufosinate ammonium based herbicides. Agrisure®, E-Z Refuge® and Golden Harvest® are trademarks of a Syngenta Group Company. Liberty®, LibertyLink®, and the Water Droplet logo are trademarks of Bayer. HERCULEX® and the HERCULEX Shields are trademarks of Dow AgroSciences, LLC. HERCULEX Insect Protection technology by Dow AgroSciences. Some versions of this product family may not contain the listed traits.

1-9 Scale: 1 = Best, Tallest or Highest; 9 = Worst, Shortest or Lowest; (-) = Not Available.

Seed products with the LibertyLink® (LL) trait are resistant to the herbicide glufosinate ammonium, an alternative to glyphosate in corn and soybeans, and combine high-yielding genetics with the powerful, non-selective, postemergent weed control of Liberty® herbicide for optimum yield and excellent weed control.
